

## SPECIAL EVENTS

### *What's so awesome about an Ice Cream Party?*

We know a thing or two about ice cream, and we know how to party. So take it from us: the ice cream party is one of the more epic ways to make a gathering memorable. Whether you're celebrating a recent win at work with an office party, throwing the graduation party of the year, or hosting an office building get-together, nothing beats a party from Ice Cream Delight.

Even better, we do it all: we show up, set up and clean up so all you have to do is enjoy ice cream. It's like bringing an ice cream shop right into your office, or backyard, or wedding, or building, or birthday party. You get the point.

## THE CUSTOMER EXPERIENCE

Making your event personal is important to us. We encourage customers to create their own menus to be displayed on our digital menu board. We incorporate corporate logos, family photos (including photo bombs), and video clips to be displayed during the event. We can even connect your event to social media channels, ensuring your event gets the proper attention it deserves!

## Our Services

## BLUE BUNNY ICE CREAM

We're firm believers that a happier day is just a spoonful away — a spoonful of ice cream, that is. And for us, making the best ice cream means starting with the best ingredients. Our ice cream is made from fresh, local milk sourced near our production facilities so you can expect farm-to-freezer taste in every bite. These high-quality ingredients go into every single one of our more than 70 delicious unique flavors. That's a lot of ways to get your ice cream on. And thanks to our new see-thru packaging, you can feast your eyes on those tasty ingredients before they even hit your tastebuds. So whether you spoon it, scoop it, or cone it — it doesn't matter to us! All that matters is that you have fun with our ice cream. Find your flavor with Blue Bunny. It's So Hoppin' Good.
